To Whom It May Concern

This is to certify that Hasil Construction Sdn. Bhd., a building and civil contractor, has been undertaking the project of Hyatt Saujana Ext. on the hardscape side since Oct. of '93. Hasil has been demonstrating excellent and dedicating performance toward the entire project. The quality of works which they produced are indisputably fine and solid. We would like to recommend Hasil to any organisation to be one of the project teams.

Yours Faithfully,

(Tan Hock Lee)
Project Engineer

TO WHOM IT MAY CONCERN

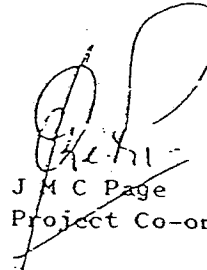

HASIL CONSTRUCTION SDN BHD

Hasil Construction were engaged during the implementation of APMC's Kanthan Modernisation Project on four main civil contracts which comprised of the following :

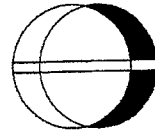

Contract A	- Main Stores	\$600,000/-
Contract E	- Coal Mill Structure	\$2,300,000/-
Contract G	- Coal and Clay Intakes	\$1,800,000/-
Contract T	- Transfer Tower B	\$1,300,000/-
Miscellaneous Undertakings		\$500,000/-

The nature of the undertakings listed comprised of both reinforced concrete buildings and large steel structures. Furthermore, Contract G contained extensive earthworks in the most difficult soil conditions and in one instance it was necessary to drill and blast underlying limestone bedrock. This was a very delicate exercise and also time consuming, for which it is worth noting that the contractor did not claim. Hasil Construction also have a most competent section relating to steel fabrication and erection. They recently effected the fabrication and erection of a 50 m high steel structure under the auspicious of Contract T, which was completed one month ahead of schedule. The quality and finish of all their work is to a high standard.

Finally and to summarize, we have found Hasil Construction Sdn Bhd to be a competent, willing and flexible contractor and we would strongly recommend them for consideration in respect of any undertaking comparable to the work carried out by them associated with APMC's Kanthan Modernisation Project.
